***Continuing Guarantee***

Adrenalation Inc. guarantees to you that the products identified above and sold for use by you and your customers are as of the date of shipment or delivery, not adulterated or misbranded within the meaning of the „Federal Food, Drug, and Cosmetic Act" including any applicable food additive regulations thereunder, provided, however, the above described products sold by us to you are used for the purpose intended." We exercise GMP's, fully implemented HACCP and Food Defense program as well as registration with the Food and Drug Administration (registration number 15407037606).

By your acceptance of this guarantee, you agree promptly to notify the undersigned in writing of any claim or charge or violation of said Federal law pertaining to the products hereby sold to you. In the event of any civil action or liability against you, alleging adulteration or misbranding of your products which could in any way be caused by your use of the products sold by us, hereunder, we shall have the right at our option to participate or assume complete management of such proceedings, provided, however, our liability for any breach of this guarantee, shall in no event exceed the contract price of the products sold by us which directly resulted in the breach of this guarantee.

This guarantee is not assignable and is a continuing guarantee subject to revocation on written notice thereof.

This guarantee revokes and supersedes all prior guarantees and is deemed to be part of each of our orders, acknowledgements, and invoices covering your business and is subject to the limitations herein and to those contained in our standard terms and conditions of sale

## Disclaimers

Presence / Absence (P/A) tests are enrichment-based and thus will not have a strict detection limit calculation, for the purposes of determining the sensitivity to apply, the amount of sample tested is listed. The term "None Detected" or "Absent" denotes that the microorganism / group was not recovered at or above the listed detection limit, but does not necessarily denote "zero level" or absence of that parameter.

**NOTE:** These results are valid only for those samples analyzed, and only for those samples collected in accordance with appropriate methodology as determined by the customer. This report is not intended for FDA Import Detention Reporting, and has not been prepared in compliance with FDA Import / Export regulations. The results herein do not denote or represent a medical or clinical diagnosis or conclusion. In the event that sample(s) were submitted in opened, used, non-sterile or otherwise adulterated condition, EMSL shall not be responsible or liable. Only data derived directly from analysis conducted by the laboratory has been validated. The results reported herein are for summary purposes only and do not represent any opinion or conclusion on the part of EMSL Analytical, Inc. "Analysis Date" represents latest date of analysis for samples included on report. Analysis dates for all samples are available upon request. Samples received in good condition, unless otherwise noted. This report may not be reproduced, except in full, without written approval by an authorized EMSL representative.
